

420 SS ACETABULAR REAMERS

Tecomet reinforces its reputation for producing acetabular reamers with excellent cutting ability and longevity with the **420 SS Acetabular Reamer**.

Advances in material and teeth design guided the development of the 420 SS Acetabular Reamer with unmatched sharpness retention, durability and cutting consistency¹.

Utilizing an exclusive material composition, the reamers feature 20 percent more teeth than the competition for improved reaming of the acetabulum.

Independent test data confirms the 420 SS Acetabular Reamer is 40 percent more durable than competitive reamers².

Contact your local Sales Manager or visit tecomet.com for more information.
